

MSP 501
by informa...

Congratulations to the 2026 MSP 501 Winners

About The MSP 501

The 2026 MSP Summit MSP 501 – which has become a “proof point” for managed service providers globally – is here.

For the past 19 years, the MSP 501 has stood apart from simple revenue rankings by demanding a comprehensive analysis of financial performance, operational efficiency, and business health. It has become the gold standard for identifying the world's best-run managed service providers. Unlike traditional lists that reward size alone, the MSP 501 recognizes organizations that demonstrate sustainable growth, recurring revenue strength, profit optimization, and the strategic discipline that defines true industry leadership.

The MSP Summit MSP 501 represents the best in the technology services industry. These MSPs deliver outstanding vendor and platform-neutral advice and value to small, mid-sized and enterprise customers. The 2026 MSP 501 represents tremendous growth during a time of great change in the technology landscape. The MSP 501 generated aggregate revenue of more than \$32 billion with an average growth of 10.1%. Accounts grew 13.4% and staffing also increased by 7%.

The list has a global flavor with 64 MSPs outside of North America making the 501 along with 401 U.S. companies and 36 from Canada. Overall, nine countries are on the 2026 MSP 501 list.

"The 2026 MSP 501 winners represent the highest-performing and most innovative IT providers in the industry today. Everyone wants to be a 501 because they stand head and shoulders above the competition," said Robert DeMarzo, vice president of content, MSP Summit. "Today's managed services organizations serve as the backbone of the world's small, medium, and large organizations, and the MSP 501 sets the standard for all other MSPs. Making the MSP 501 list is a testament to their commitment to operational excellence, innovation, and their ability to deliver exceptional value to their clients in an increasingly complex technology landscape."

The MSP 501 - What Does It Mean

What does making the MSP 501 list mean to MSPs? Here is what executives of a few of the top-ranked MSPs on the list said:

Adeel Omer, chief marketing officer, TPX – “We’re in great company with such an illustrious group of leaders. We’ve steadily gone up the ranks.”

Anthony J. D'Ambrosi, CEO, Abacus – “I couldn't be prouder of our people. We’re incredibly honored to be on the MSP 501.”

Jaie Solis, EVP & chief technology officer, New Era Technology – “It’s a tremendous honor. I’m grateful that we're here alongside a lot of great organizations. We’re grateful to be in the top 10.”

Scott Steele, COO, Thrive – “It’s the proof point that what we're doing is working and we appreciate the recognition as an organization.”

Vinod Paul, president of managed services, Align -- “We're extremely proud to make the 501 list, because it's a recognition of our dedication to our client base, as well as our employee base.”

The MSP 501 winners will be honored during a special awards gala on Sept. 30 at MSP Summit, which takes place Sept. 28-30 at the Loews Royal Pacific in Orlando, Florida. [Register to attend!](#)
